

DOIT Workshop Development: Activities

You also want to develop a DOIT workshop? Here we have compiled materials for you to plan your activities and methods!

PREPARATION

With the help of the DOIT-Workshop-Canvas you have already thought about the target group, objectives and partners? Then it can go on with these materials.

CHOOSE METHODS

Choose from the DOIT toolbox methods and materials - or other suitable, from the spectrum of the 7 elements of the DOIT approach. Some methods also support several DOIT program elements at the same time! Perhaps other aspects are also important to you?

Write them on the cut-out piece of paper and mark the corresponding program elements.

ORDER CHRONOLOGICALLY

Now attach the methods chronologically on a large paper and give further information, for example about times, etc.

	First unit		Second unit		Third unit
14:00		14:00		14:00	
14:15		15:05		14:25	

Templates for activity planning

A 4x4 grid of 16 empty rectangular boxes for activity planning. Each box contains a row of seven small, black-and-white icons at the top left corner. The icons, from left to right, are: a heart, a gear, a person, a gear, a star, a star, and a gear.

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 770063
